International Asset Consultants

TEMPORARY OFFICE CLOSURE DUE TO MOVEMENT CONTROL ORDER

In line with the Malaysian Government's latest decision to extend the Movement Control Order (MCO), our HBM Head Office at No. 25, Jalan Yap Ah Syak off Jalan Dang Wangi, 50300 Kuala Lumpur will remain closed until 14th April 2020 in accordance with the latest government announcement extending the MCO period. Our office will resume our operations once the Malaysian Government withdraws the order.

Please be assured that we will continue to service our clients during this period. We have developed a standard protocol to guide our staff during this period and we have made the necessary IT arrangements to back us up. Our staff will continue to work but will be home based and we are taking all appropriate measures and work arrangements to comply with the enforcement while still ensuring our service deliverables and service quality remain unaffected as far as possible within the constraints of the MCO.

We remain committed to maintain our level of service whilst abiding by the guidelines and advice provided by the health authorities. As the pandemic evolves, we will continue to follow the Government's guidelines and procedures, as well as apply our own policies to maintain the high standards of safety and service in all that we do.

Any enquiries do contact us through the person-in-charge from Henry Butcher Malaysia or through our contact list in our website, www.henrybutcher.com.my/public

Thank You and Stay Safe Malaysia!
